Artem Glagolev

Head of B2C Marketing

Fintech, performance marketing, websites. Belgrade, Serbia

artem@glagolev.work +381 61 281 2920 LinkedIn Telegram @tglagolev

I run B2C marketing at Blackcat, a European fintech app, and lead a team of media buyers, designers, SEO specialists and developers. I rebuilt the sign-up flow and doubled conversion to an opened account, launched a co-branded product with Binance and an ambassador program. Since 2026 I also build websites and run ads for businesses in Belgrade.

×2
sign-up to opened account conversion after the new registration flow

Binance
co-branded top-up product launched together

−50%
staff turnover and +20% department performance after task management

15
websites for Belgrade businesses, three languages each

Experience

Jan 2024 - now

Head of B2C Marketing

Blackcat (Blackcatcard until 2025)

European fintech app: euro accounts, cards and crypto. Remote, the company is in Malta.

- Head the B2C marketing department: strategy and execution across all channels
- Lead a team of media buyers, designers, SEO specialists and developers
- Own acquisition and retention: who comes in and why they stay

Co-branded top-up product with Binance
Customer base growth: figures under NDA

Task management in the marketing department
+20% performance, −50% staff turnover

Feb 2021 - Jan 2024

Senior Marketing Manager

Blackcat (then Blackcatcard)

- Planned and ran campaigns across digital channels and managed the budgets
- Moved spend to the channels with the best ROI
- Worked with partners, vendors and media

New client registration flow
×2 conversion to an opened account
